Personal Identity Kit

TYPOGRAPHY

Space Grotesk

Heading / Display Font

Space Grotesk gives the identity a modern, geometric and technical character. It is used for headings, names and important visual elements.

Inter

Body / Supporting Font

Inter keeps supporting text clean, readable and minimal. It is used for descriptions, labels and longer text.

COLOR PALETTE

Primary Navy

#0B1F3A

The primary brand color used for the logo, major headings and key visual elements.

Accent Blue

#2563EB

A bright accent used selectively to highlight important elements and add energy to the identity.

Near-Black

#111827

The main text color, providing strong contrast while feeling softer than pure black.

Near-White

#F8FAFC

The primary background color, keeping the overall identity clean, light and spacious.

LOGO

AC Monogram

STYLE NOTE

Clean, modern and technical, with a focus on clarity.

Minimal visuals, strong typography, and subtle blue accents create a confident digital identity.
